**Re: Notice of Informal Public Meeting for March 3, 2021  
Application for 112 Construction Materials Reclamation Permit Application with  
Public Objections; Peak Materials, Peak Ranch Resource, File M-2020-041**

Dear Party or Interested Person:

The Division of Reclamation, Mining and Safety (Division) appreciates you taking time to participate in the review process of the Peak Ranch Resource permit application. The application was filed with the Division on August 8, 2020 by Peak Materials. The review period for the application is currently scheduled to close on March 16, 2021, at which time the Division will be issuing its written recommendation and rationale.

The application will be scheduled for consideration by the Colorado Mined Land Reclamation Board (Board) at the April 21-22, 2021 Board meeting. A pre-hearing conference will be held after the Division has issued its written recommendation on the application and at least ten calendar days prior to the formal Board hearing. Official notice of the date, time, and location for the pre-hearing conference and formal Board hearing will be provided to all parties and interested persons who are receiving this notice.

An explanation of the Division's review process, your rights as either a party or non-party, and the jurisdiction of the Board is provided in a 12-page memorandum, Guide to Citizen Participation, last revised January 12, 2006, which is available through the Division's web site at <https://www.colorado.gov/drms>, specifically at this link: <https://drive.google.com/file/d/1MorJvrWlQD5Z9tJXU4gdHDFEL6AJljb/view>.

Due to the impacts of the COVID-19 virus on the availability of State facilities and Division resources, the Informal Public Meeting will be held by a virtual ZOOM meeting.

During the informal meeting, the Division will present the following information:

During the meeting, attendees will have the opportunity to ask process-specific questions of Division staff. However, individual speaking times may be limited due to time constraints.

Any person who submits a written comment during the public comment period for the application may be a Party. Party status is subsequently maintained by participating in the pre-hearing conference and formal Board hearing. However, the public meeting to be held on March 3, 2021 is informal and has no bearing on party status.
